SUMMARY

Motivated Information Technology undergraduate at the Sri Lanka Institute of Information Technology (SLIIT) with a strong interest in IT Support, Technical Support, Database Management, and Software Development. Experienced in developing academic projects using Java, HTML, CSS, JavaScript, and MySQL. Familiar with Windows administration, computer troubleshooting, networking fundamentals, and Microsoft Office applications. Eager to begin a professional career where I can contribute technical skills while continuously learning and growing.

EDUCATION

SRI LANKA INSTITUTE OF INFORMATION TECHNOLOGY (SLIIT)

BSc (Hons) in Information Technology Malabe | **Oct 2023 -**

CGPA: 3.1

TECHNICAL SKILLS

- **Operating Systems:** Windows 10/11, Basic Linux
- **Programming :** Java, Python (Basic), C++, SQL
- **Web Technologies :** HTML, CSS, JavaScript
- **Databases :** MySQL, MongoDB, Microsoft SQL Server
- **IT Support :** Hardware & Software Installation, PC Troubleshooting, Printer Configuration
- **Networking :** TCP/IP, LAN, Wi-Fi Configuration, IP Addressing
- **Microsoft Office :** Word, Excel, PowerPoint, Outlook
- **Tools :** Visual Studio Code, IntelliJ IDEA, Git (Basic)

SOFT SKILLS

- **Communication Skills**
- **Teamwork**
- **Customer Service**
- **Problem Solving**
- **Time Management**
- **Adaptability**
- **Quick Learner**

ACADEMIC PROJECTS

Daily Product Management System (2024)

Java | HTML | CSS | JavaScript | MySQL

Developed a web-based Order Management System to streamline order processing, manage order records, and improve daily business operations.

- Implemented complete CRUD operations for order records.
- Developed features for creating, updating, tracking, and managing customer orders.
- Integrated MongoDB for efficient and scalable data storage.
- Designed a responsive and user-friendly interface using HTML, CSS, and JavaScript.

Learning Management System (2025)

Java | HTML | CSS | JavaScript | MongoDB | [GitHub Repository](#)

Developed a web-based Learning Management System to manage users and facilitate communication through announcements and notifications.

- Implemented user registration, login, and user management functionalities.
- Developed announcement and notification modules to improve communication between users.
- Integrated MongoDB for efficient and secure data storage.
- Performed CRUD operations for user, announcement, and notification management.

Smart Campus Operations Hub (2026)

React.js | Spring Boot | MongoDB | REST API | OAuth 2.0 | Git | [GitHub Repository](#)

Developed a Smart Campus Operations Hub to simplify campus operations by providing user management, notifications, reviews, and role-based dashboards.

- Developed responsive user interfaces using React.js and integrated them with Spring Boot REST APIs.
- Implemented user registration, authentication, and user management functionalities.
- Developed role-based dashboards for Users, Administrators, and Technicians.
- Built notification and review modules to improve communication and user feedback.
- Integrated MongoDB for efficient and scalable data storage.
- Implemented OAuth 2.0 (Google Sign-In) for secure user authentication.

RELEVANT COURSEWORK

- Object Oriented Programming
- UI/UX Design
- Database Management Systems
- Data Structures and Algorithms

CERTIFICATIONS

- Python for Beginners – *University of Moratuwa* – [View Credentials](#)
- MongoDB Certificate Course - [View Credentials](#)
- Diploma – British Way English Academy

LANGUAGES

- Sinhala (Native)
- English (Professional Working Proficiency)
